

# USAID | MOROCCO

FROM THE AMERICAN PEOPLE

**Issue Date:** September 27, 2023

**Amendment:** 000002

**Amendment Issue Date:** January 31, 2024

**Subject:** Locally Led Development Annual Program Statement APS No.: 7200AA19APS00007

**Program/Opportunity Title:** LLD APS # 72060823APS00001- Addendum No 21 Morocco Local Climate Action

**CFDA Number:** 98.001

To: All Interested Respondents/Parties:

The purpose of this APS Addendum Amendment 000002 is to update the estimated amount that the USAID/Morocco anticipates for the Morocco Local Climate Action.

Subject to the availability of funds, USAID/Morocco anticipates allocating up to USD \$2,700,000 for one or more awards to a prime local partner over a period of three (3) to five (5) years.

This amendment does not obligate USAID to execute an award, nor does it commit USAID to pay any costs incurred in the preparation and submission of concepts. Furthermore, the U. S. Government reserves the right to reject any and all concepts, if such action is considered to be in the best interest of the U. S. Government.

All other terms and conditions of the APS Addendum remain unchanged.

Thank you for your interest in USAID Programs.

Sincerely,

Robert Parnell  
Regional Agreement Officer
